it was the finest sample he had ever seen of "wasting at the bung hole"— that it was "costing the State more that it was "costing the State more money in salaries and expenses of members of the General Assembly for the time wasted in endless questions and answers on the floor than had been saved on the entire bill."

The item of public printing carried \$45,000, an increase of \$10,000, which, it was stated, in view of the growth of the State decorption and the multi-

the State departments and the multi-tude of their issues of printed matter, would be absolutely needed. Mr. Gor-don moved to strike out the \$10,000 increase, giving notice that he pro-posed to put the House on record as to every item of increase. He did not be-lieve it right when the State was going into a movement for reform of the system of taxation to pad the ex-penses and then expect the taxes to be adjusted to raise the necessary rev-

The Gordon motion was rejected.
The item of \$117,000 to pay State commissions to Commissioners of the Revenue, Examiners of Records, postage and expressage on land books, and similar charges met with stronger opposition. Mr. Field moved to cut it to \$107,000. He was especially opposed to the present system of Examiners of Records as unnecessary and expensive. The revenue of the State, he said, had been increased by the efforts of these officials \$30,000 last year, while the commissions of the examiners amounted to \$20,000. Judge Williams agreed that if the opportunity were given, he

would vote to abolish the offices. The Field amendment was rejected.

On the general item of \$45,000 for salaries and expenses of the Commission of Fisheries, Mr. Rew moved to add the former sum of \$10,000 for pur-chase and repairs of boats in the State oyster navy, which was adopted after debate. The point was made that the money would come out of the oyster tax, but objection was made that that claim was without merit as whatever balance there is of that fund after paying the costs of the Commission of Fisheries reverts to the treasury, the appropriation therefore being \$10,000 that would otherwise go into the general fund. On motion of Mr. Smith of King and Queen, an allowance of \$400 each to the four up-State members of the Commission of Fisheries was eliminated. These three are known as the "unsalaried" members, in distinc tion to the commissioner and secre tary, who receive salaries, but the practice for many years has been to allow the "unsalaried" members \$400 a year each and traveling expenses. The mo-

tion to eliminate it was adopted 48 to

There is but one standard rheuma-tism remedy, and it reflects the best thought of the day. It is prepared in the great Swift Laboratory in Atlanta, Ga., and sold in all drug stores under the name of S. S. S.

Starvation has been advocated by many as a cure for rheumatism, and yet S. S. S. accomplishes in fact what yet S. S. S. accomplishes in fact what faddists proclaim in theory and without the punishment of starvation. Hot Springs and sweating are often recommended, but S. S. S. does all that is expected of these expensive and weak-ening, methods.

It is conceded that rheumatism is caused in most cases by an acid condition of the blood and aggravated by the remedies commonly used for relief. In other cases rheumatism is the result of nerve depression; in still others it is the effect of some vittated. others it is the effect of some vitlated blood condition, having been treated with mercury, iodides, arsenic, and other poisonous mineral drugs.

The recoveries of all these types of rheumatism by the use of S. S. S. is a wonderful tribute to the natural efficacy of this remarkable medicine. efficacy of this remarkable medicine.

#### THE SENATE

After refusing on Tuesday to discharge the Committee on General Laws from further consideration of Senator Saunders's bill for the abatement of segregated districts, the Senate reversed its action yesterday and ordered the committee discharged from further consideration of the bill by a vote of 21 to 7.

The motion to discharge the committee was offered by the patron, Senator Saunders, who expressed the fear that unless such a step were taken the bill would die in committee. The measure now takes its place at the foot of the fifty-five-page calendar, with only a bare chance of being reached before the General Assembly adjourns for the present session. It is believed that friends of the bill will make an effort to have it set for a special order.

On the motion to discharge the committee, the Senators voted as follows:

Ayes—Blanks, Brock, Buchanan, Cannon, Crockett, Drewry, Echols, Edmondson, Gayle, Gravatt, Harman, Holt, Mapp, Saunders, Smith, Sowder, and West—21.

Noes—Featherston, Garrett, Hart, Lesner, Massie, Montague and Paxton—7.
